

CENTENNIAL HIGH SCHOOL

Welcomes the Award Winning enhanced teen driving program...

Accident *Avoidance* Workshops driver trainin' the way it ought'a be!

The **Accident Avoidance Workshops** is the other half of driver training ... the part you're never told about. This is a more practical, intense, beneficial and fun program than "driver's ed", or simple programs in car control, and the only program on the East Coast that meets the National Defensive Driving Institute's Level 8 criteria.

This 8-hour, hands-on, one-of-a-kind, parent-participation program is done in your own car, and focuses on **EMERGENCY DRIVING CONDITIONS**. We show your student what kinds of emergencies can happen, ... let them experience first-hand how fast they happen, ... and train them how to react and what to do when they do happen!

As a result, when they are faced with that inevitable emergency, they have practiced how to handle it. This program helps both under-confident and over-confident drivers, ... and leaves parents much more comfortable with their student's abilities.

"This was the reality-check my 'know-it-all' son needed! - The Kinamon Family

"This program should be a requirement for EVERY licensed driver." - Jay Crawford; Parent

"Much better than driver's ed. In fact, it's what driver's ed should be!" - Patti Cain; Parent

"It built her confidence in driving, and MY confidence in letting her do so!" - Mindy O'Donnell; PTSA Parent

Who Can Enroll?: Any driver with a permit or license, and basic vehicle control. Registration is not restricted to any one school or venue so, pass this invitation around!

What Does It Cost?: The regular price is \$319 per parent/student team. But, Centennial High School will be offering the Workshops for only **\$225!** This covers the student and one parent for the **DRIVING** session. **BUT BOTH** parents are welcome to attend the **CLASSROOM** session! Then, if **BOTH** parents want to be eligible for Defensive Driving Certificates, a 2nd parent may attend the driving session for just an additional \$40. (All siblings under 13 are welcome to attend both the classroom and the driving sessions at no extra charge ... so there's no reason to make special arrangements for the "young-uns: ... they'll enjoy the program too!)
