

## **CENTENNIAL HIGH SCHOOL STUDENT PARKING**

Parking spaces will be issued to senior students on a semester basis to those who qualify. Students must provide all required information listed on the application and submit it by the deadline to be eligible. Applications must be accompanied by a legible photocopy of the student's driver license and proof of insurance.

It is the student's responsibility to apply for a parking permit. Early release students, work study, and those on hardship do not have priority and must meet all the requirements for parking. Parking is based on the student's grade level and discipline record from the previous semester. Parking permits will only be issued to seniors, however if spaces exist after the semester begins CHS may institute a lottery for junior class spaces. Students who fail to meet application deadlines and/or complete necessary paperwork will not be considered for a parking permit.

Requirements for eligible students for a semester parking permit:

- Complete a permit application form
- Legible copy of applicant's driver's license and proof of insurance
- \$50.00 Check made payable to Centennial High School or cash on the permit issue date

\* Parking applications for students registering after the deadline will be processed on a "space available" basis, but students still must meet all requirements.

**Student drivers, who receive a 6th tardy to school in the semester, leave campus without permission or violate any parking or attendance regulation may be subject to permanent loss of parking privileges for the remainder of the semester. Refunds will not be issued.**

Students enrolled in an early release or work study program who do not meet set application dead-lines will not be eligible for a parking permit.

Since school buses provide transportation, access to the school parking lot is a privilege. School officials have the authority to regulate the operation of motor vehicles on, and within 1,000 feet of school property. Violation of the rules may result in the revocation of a student's parking permit, disciplinary action, and reporting of infractions to local police. Centennial High School reserves the right to revoke the parking permit of any vehicle that is used during a disciplinary violation. This includes, but is not limited to, leaving campus, truancy, and unauthorized presence in a restricted area.

## PARKING REGULATIONS

1. All automobiles parked on the school grounds must be registered. The parking decal must be displayed in the front left driver's windshield. Vehicles, which do not display a current parking permit, will be towed or booted at owner's expense.
2. Students are assigned to a specific parking lot.
3. Students are not to park in any space marked FACULTY, HANDICAPPED or VISITOR. Illegal parking, including parking in unmarked areas or a parking lot other than the assigned lot, will result in loss of permit, booting and/or towing.
4. Students who drive to school must accept responsibility of being on time to school. If a situation occurs that requires a student, who holds a valid parking permit, to drive a car to school other than the CHS registered vehicle, the student must obtain a temporary permit from Mr. Bennett in H75 for \$1.00. The temporary permit must be displayed in the left front windshield. The student must present his/her driver's license and pay one dollar for a temporary permit prior to the start of school. Late passes will not be issued to students who are requesting temporary permits.
5. All students must be covered by liability insurance. The school is not responsible for the automobile or its contents. No student may drive a motor vehicle on school property that is not registered to that student or his/her parent/guardian.
6. There is no loitering permitted in the parking lot or visitation during school hours without permission.
7. Students will observe a 10 mile per hour speed limit while on school grounds. Students, who drive recklessly on school grounds, or within 1,000 feet of the school grounds, are subject to disciplinary action and/or loss of parking permit.
8. Student vehicles are subject to search if there are reasonable grounds to believe that drugs, alcohol, another student's property, or contraband might be present in the vehicle. Failure to comply with a vehicle search may result in permanent forfeiture of parking privileges and the notification of local police if school officials believe a crime has occurred.
9. All passengers including the driver MUST have a seat belt on before leaving the student parking lot. Failure to adhere to this law will result in disciplinary action, which could include an interruption of parking privileges.
10. Parking permits are non-transferable. Students found buying, selling, exchanging, altering, or counterfeiting permits will have their parking privileges permanently revoked and will be subject to suspension with no parking fees refunded. This rule includes temporary permits.
11. Parking is assigned on a semester basis. Obtaining a permit for the first semester in no way implies that the student will be eligible for a second semester permit.
12. The parking fee must be paid when the parking permit is issued. **A student is NOT to drive to school until he/she has received a valid permit.**
13. Students receiving parking permits accept responsibility for following all parking rules and regulations. Suspension of driving privileges, towing, booting, and/or suspension from school may occur when violation of these rules occurs or when defined attendance standards are not met. The parking lot will be checked periodically. Any car that is parked illegally is subject to towing or booting at **owner's expense**.
