

CHS School Supply Information

Detailed information will come from individual teachers, when students pick up their schedule on the first day of school.

Before school, though, you should pick up the basics:

- ✓ Loose-leaf paper (college-ruled)
- ✓ Spiral notebooks
- ✓ Graphing paper
- ✓ Pencils
- ✓ Pencil sharpener
- ✓ Pens
- ✓ Highlighters
- ✓ Jump drive
- ✓ Things to organize your locker
- ✓ A non-graphing calculator (e.g., TI-30XA or TI-30XIIS)*

*This calculator can be used in most science classes and in many math classes, during tests. In addition to this calculator, advanced function calculators will be required in some math classes. Math teachers will recommend specific options on the first day of class.

Note: beginning this fall, CHS will no longer require a mesh or clear book bag. Any type of (non-roller) book bag may be used.

During orientation—you can shop at the School Store for many of these items as well as for CHS spirit wear!

Finally, remember that teachers would appreciate tissues, hand sanitizer, Clorox (or similar) wipes. Thanks you for sending these items in with your student throughout the year.
